Goodman®

Air Conditioning & Heating

COMPACT, ALL-IN-ONE UNITS HELP SAVE VALUABLE SPACE

GOODMAN'S FINEST WILL KEEP YOUR FAMILY IN ENERGY-EFFICIENT COMFORT FOR YEARS TO COME.

Goodman's GPH13M Heat Pump provides value and cutting-edge technology to homeowners and small businesses while helping to lower energy bills as compared to lower SEER units. Plus, our extensive product offering ensures that you get right system for your specific cooling and heating needs.

Goodman® brand Packaged Units sit on the ground or rooftop outside your home or business and deliver quiet, year-round comfort from a single, self-contained unit. These energy-efficient units operate as an air conditioner during warm weather, and in the winter deliver heat pump-generated warmth. All units come fully charged and tested – direct from the factory.

PACKAGED HEAT PUMPS

The high-quality Goodman® brand GPH13M Packaged Heat Pump provides economical air conditioning, then, by reverse cycle, delivers economical heating during colder periods. Supplementary electric heat is added at predetermined temperatures during severe cold spells.

Unmatched combination of performance, efficiency and affordability. That's just what you'll get with Goodman.

QUALITY MANUFACTURING BACKED BY EXCEPTIONAL WARRANTIES*

RELIABILITY AND LONG LIFE

One of the most critical components of a packaged heat pump is the compressor. Our GPH13M Packaged Heat Pump boasts a high-performance, energy-efficient compressor, which operates in tandem with our high-efficiency coil. The coil is made of refrigeration-grade copper tubing and aluminum fins in a design that maximizes surface area. These high-quality

components together cool your home effectively while saving you money on energy bills as compared to lower SEER units!

SOLID WARRANTY PROTECTION*

Goodman® GPH13M Heat Pumps have a **10-Year Parts Limited Warranty* on all functional parts.**

For even greater peace of mind, ask your dealer or visit our web site at www.goodmanmfg.com for more details about **GoodCare®**, an affordable Parts and Labor Extended Service Plan for your entire Goodman brand HVAC system.†

* To receive the 10-year Parts Limited Warranty, online registration must be completed within 60 days of installation. Online registration is not required in California or Quebec. Full warranty details available at www.goodmanmfg.com.

† Extended Service Plans not available in all states. Ask your dealer for full details.

OUTSTANDING QUALITY

From Goodman, you can depend on well-designed, high-quality, thoroughly tested products, backed by what we believe to be some of the best standard warranties and extended service plans in the industry. All Goodman production facilities are focused on strict, quality-driven processes. This quality focus ensures a trouble-free installation and long product life.

EXCEPTIONAL VALUE

We feel that Goodman offers the best product value for the investment of any air conditioning and heating manufacturer. Goodman can do this for several reasons, including:

- As a leading unit manufacturer of residential air conditioning and heating products, we've successfully negotiated high-volume material purchase contracts from the highest quality manufacturers in the world, which keeps our unit quality high and our manufacturing cost low.
- We continually invest in improving our overall productivity.

ADDITIONAL INFORMATION

Before purchasing this appliance, read important information about its estimated annual energy consumption, yearly operating cost, or energy efficiency rating that is available from your retailer.

GOODMAN: THE RECOGNIZED INDUSTRY LEADER

Every Goodman brand heating and air conditioning system is designed, engineered, and manufactured with pride. All employees follow strict, quality-driven processes to ensure that all Goodman products offer the legendary performance that has made the brand a recognized leader in the industry. This attention to quality has resulted in the Goodman family of companies becoming the second largest unit manufacturer of residential air conditioning and heating systems in North America.

The legacy began when Harold Goodman, a former air conditioning contractor, felt that he could build a better product. His goal was, and our goal remains, to manufacture air conditioning and heating equipment that performs more reliably, lasts longer than the competing products and eliminates time-consuming installation problems.

And, of course, he endeavored to make air conditioning and heating products as affordable as possible. Harold accomplished his goal and today the Goodman family of companies manufactures heating, air conditioning and ventilating equipment in modern facilities.

Air Conditioning & Heating

Our continuing commitment to quality products may mean a change in specifications without notice.
