QUALITY MANUFACTURED  
COOLING & HEATING IN  
A COMPACT, ALL-IN-ONE,  
SPACE-SAVING UNIT DESIGNED  
FOR YEAR-ROUND COMFORT.

Thank goodness for Goodman.™

# Goodman®

## Air Conditioning & Heating

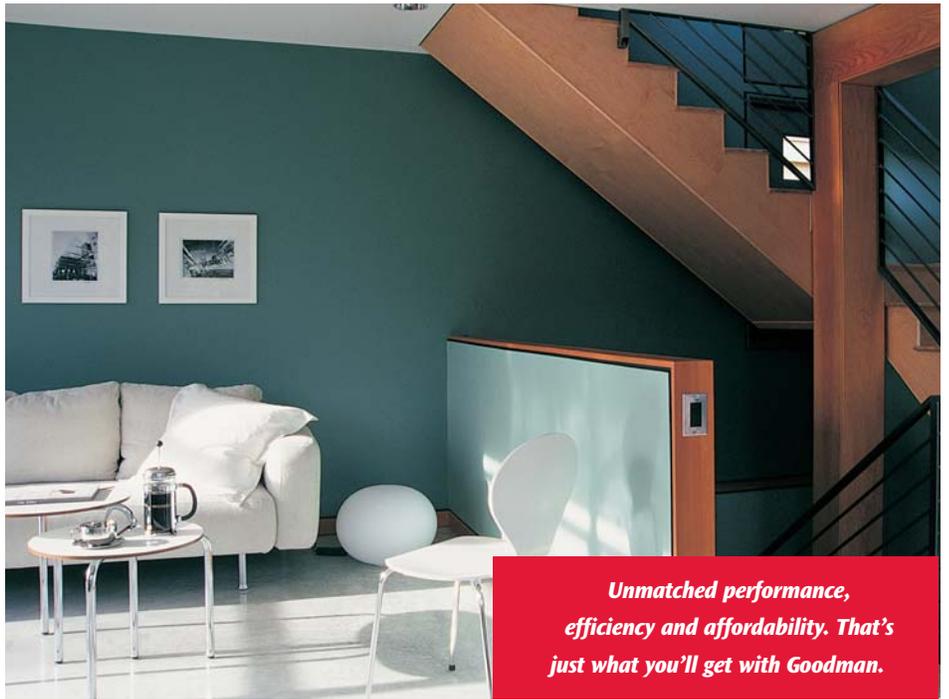

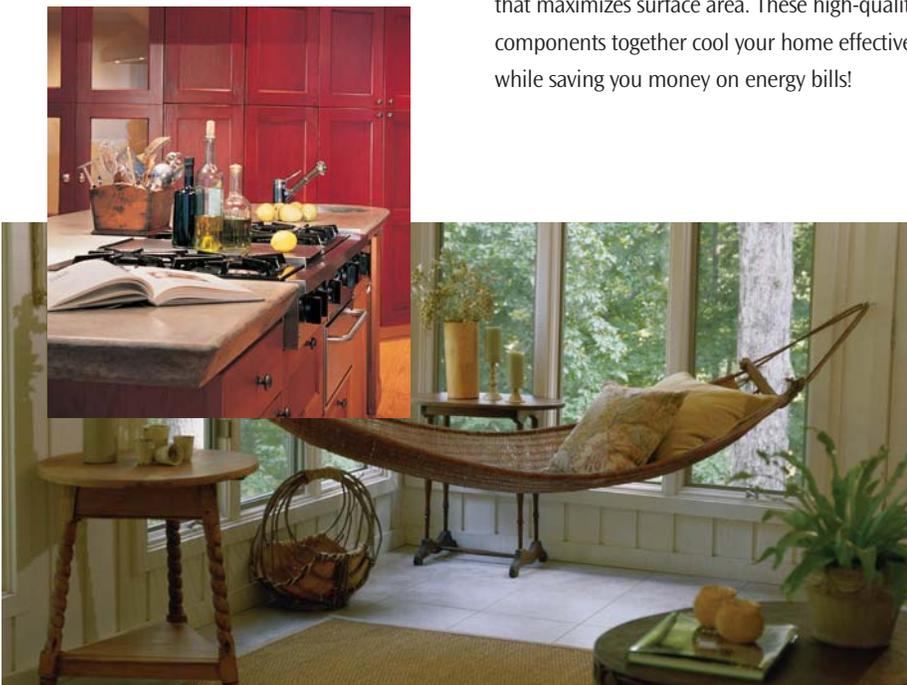

### KEEP YOUR FAMILY IN ENERGY-EFFICIENT COMFORT FOR YEARS TO COME.

Goodman's GPH15M –15 SEER\* Heat Pump provides refreshingly-affordable value to homeowners and small businesses while helping keep energy bills to a minimum.

Goodman® Packaged Units sit on the ground or rooftop outside your home or business and deliver quiet, year-round comfort from a single, self-contained unit. These high-efficiency up to 15 SEER units operate as an air conditioner during warm weather, and in the winter deliver heat pump-generated warmth. All units come fully charged and tested with environmentally-friendly R-410A refrigerant – direct from the factory.

#### PACKAGED HEAT PUMPS

The high-efficiency Goodman® GPH15M Packaged Heat Pump provides economical air conditioning, then, by reverse cycle, delivers economical heating during colder periods. Supplementary electric heat is added at predetermined temperatures during severe cold spells.

*Unmatched performance,  
efficiency and affordability. That's  
just what you'll get with Goodman.*

### QUALITY MANUFACTURING BACKED BY WARRANTIES AND SERVICE

#### RELIABILITY AND LONG LIFE

One of the most critical components of a packaged heat pump is the compressor. Our GPH15M Packaged Heat Pump boasts a high-performance, high-efficiency compressor, which operates in tandem with our high-efficiency coil. The coil is made of refrigeration-grade copper tubing and aluminum fins in a design that maximizes surface area. These high-quality components together cool your home effectively while saving you money on energy bills!

#### SOLID WARRANTY PROTECTION

Goodman GPH15M Packaged Heat Pumps have a **10-Year Limited Warranty for all functional parts.\*\***

For even greater protection and worry-free ownership, ask your Goodman dealer about **GoodCare®**, an affordable, extended service plan for the entire system.

**GoodCare®**  
EXTENDED SERVICE PLAN

## R-410A REFRIGERANT

Your new Goodman GPH15M Packaged Heat Pump will not only provide you with energy-saving cooling performance for many years, but it also features R-410A refrigerant. Since this refrigerant does not contain Chlorine, it is more environmentally friendly than R-22 refrigerant, which is currently used in most air conditioning systems.

## GUARANTEED QUALITY

From the Goodman brand, you can depend on well-designed, high-quality, thoroughly-tested products, backed by some of the best standard and extended warranties in the industry.\*\* All Goodman production facilities are focused on strict, quality-driven processes. This quality focus ensures a trouble-free installation and long product life.

## NATIONWIDE SUPPORT

We supply our Distribution Network through our new, state-of-the-art logistics center. And with more than 700 distribution locations and thousands of dealers coast-to-coast, you can be confident that a qualified service provider is always close by.

## GOODMAN: THE RECOGNIZED INDUSTRY LEADER

Every Goodman heating and air conditioning system is designed, engineered, and manufactured with pride. All employees follow strict, quality-driven processes to ensure that all Goodman products offer the legendary performance that has made the brand a recognized leader in the industry. This attention to quality has resulted in the Goodman family of companies becoming the second largest unit manufacturer of residential air conditioning and heating systems in North America.

The legacy began when Harold Goodman, a former air conditioning contractor, felt that he could build a better product. His goal was to manufacture air conditioning and heating equipment that performed more reliably, lasted longer than the competing products, eliminated time-consuming installation problems, and make air conditioning and heating products as affordable as possible.

Harold accomplished his goal and today the Goodman family of companies manufactures heating, air conditioning and ventilating equipment in modern facilities located across the United States.

Air Conditioning & Heating

Our continuing commitment to quality products may mean a change in specifications without notice.
