Carrier’s Edge® Pro commercial programmable thermostats offer:

- sleek design with simplified two-wire installation
- 2-stage heat/2-stage cool with one stage auxiliary heat (air conditioning, heat pump, and water source heat pump units)
- humidity control capability (with 33CS2PPRH-02 thermostat only) integrates with Humidi-MiZer® dehumidification system
- Hybrid Heat® dual fuel system compatible (33CS2PP2S-02)
- proportional integral control of heating and cooling stages
- compressor lockout in emergency heat mode for heat pumps
- auxiliary heat lockout sensing for heat pumps (requires outdoor air sensor)
- remote sensing and averaging with occupancy override
- keypad lockout security with passcode protection
- heating and cooling set points with up to 6 hours of occupancy override
- 5/2-day or all days programmable or non-programmable
- 4 or 2 periods per day selectable
- UV light and filter service reminder
- random start, smart recovery

Features/Benefits

Carrier’s 7-day, 5/2-day, or 1-day commercial programmable thermostats offer flexibility, quality, and reliability.

The wall-mounted, low-voltage thermostat maintains room temperature by controlling the operation of an HVAC (heating, cooling and ventilation) system. Separate heating and cooling set points and auto-changeover capability allow occupied and unoccupied programming for energy savings.
Specifications

The thermostat allows up to 4 time/temperature settings to be programmed in 24-hour intervals with daylight savings adjustment. The thermostat stores schedules for 7 independent days and batteries are not required. In the event of power interruption, the internal memory stores comfort schedules for an unlimited time. The clock will continue to run for 24 hours.

Expanded backlit display includes English/metric unit selection and features mode and equipment status, occupancy, time of day, and outdoor-air temperature. In hospitality mode, the display will show user set point in place of actual temperature.

The Edge® Pro commercial programmable thermostat is capable of constant fan operation for 24 hours during continuous occupancy. During this time, the thermostat can be programmed and set points can be adjusted using occupied and unoccupied schedules. Additionally, the thermostat is capable of displaying outside or supply-air temperature using the remote sensor input.

NOTE: Designed and assembled in the U.S.A.

Physical characteristics
Dimensions (L x W x D):
- Single piece installation: 5.2-in. (132.08 mm) x 5.2-in. (132.08 mm) x 1.3-in. (32.02 mm)
- Two-piece installation:
  - Display: 5.2-in. (132.08 mm) x 5.2-in. (132.08 mm) x 0.9-in. (22.86 mm)
  - Control module: 5.2-in. (132.08 mm) x 5.2-in. (132.08 mm) x 1.0-in. (25.4 mm)

Appearance: plastic material; silver metallic color; smooth cover
Weight: approx. 3/4 lb (single piece installation) or 1/2 lb (display only of two-piece installation)
Lead-free design

Power requirement
24 vac 50/60 Hz at 3 va RC/RH compatible
No batteries are required

Environmental requirements
Temperature (display module):
- Operating: 32 to 104°F (0° to 40°C)
- Storage: –40 to 158°F (–40 to 70°C)

Temperature (control module):
- Operating: –4 to 158°F (–20 to 70°C)
- Storage: –40 to 158°F (–40 to 70°C)

Humidity: 0 to 95% RH (relative humidity), non-condensing

Agency approvals
- FCC Part 15, Subpart J compliant
- Title 24 compliant

Electrical characteristics
Inputs: 24 vac, 50/60 Hz, 3 va
Outputs:
- Minimum Load = 1000 W
- Maximum Load = 2.0 A, 50% pf (power factor)
- Inductive
- Nominal Load Capacity = 1.5 Amps

Temperature control
The thermostat uses proportional integral calculation to determine the number of stages required for heating or cooling to provide accurate temperature control.

Accessories
- Remote space sensor with occupancy override button (33ZCT55SPT)
- Outdoor temperature sensor (33ZCSENOAT)
- Supply/return air sensor (33ZCSSENSAT)
- Espresso decorative door (EDGE-DR-ES05)
- Gold luster decorative door (EDGE-DR-GL05)
- Natural grain decorative door (EDGE-DR-NA05)
- Onyx decorative door (EDGE-DR-OX05)
- Quartz decorative door (EDGE-DR-QZ05)
- Saddlebrush decorative door (EDGE-DR-SB05)
